### Professional Summary

Creative and detail-oriented Web and App Developer with hands-on experience in building responsive and user-friendly web applications. Proficient in both frontend and backend development with a strong grasp of modern technologies and frameworks. Proven ability to work collaboratively in agile environments.

### Professional Experience

Web Developer Intern | Creative Hub Ethiopia Tech | June 2025 – Present

- Developed interactive and responsive user interfaces using React and TailwindCSS.
- Integrated RESTful APIs and optimized frontend performance.
- Participated in daily stand-ups and code reviews in an agile team environment.

Freelance Web Developer | Remote | 2024 – Present

- Built and deployed AASTU's websites using HTML, CSS, JavaScript, and PHP.
- Customized WordPress themes and integrated contact forms and live chat features.
- Provided ongoing maintenance and updates for client sites.

### Projects

AASTU Online University Registration System Web App

- Created a full-stack website application with HTML, CSS, JavaScript, and PHP.
- Implemented a comprehensive web-based platform for managing university registration, course management, grading, and administrative tasks for Addis Ababa Science and Technology University (AASTU).

Portfolio Website

- Designed and developed a personal portfolio website to showcase projects and skills.
- Built using React, JavaScript, and TailwindCSS and deployed with GitHub Pages.
